

HYGIENE AND JANITORIAL

THE WORKPLACE (HEALTH, SAFETY AND WELFARE) REGULATIONS 1992 OUTLINES SPECIFIC RESPONSIBILITIES FOR EMPLOYERS, STATING: "EMPLOYERS ARE TO ENSURE, SO FAR AS IS REASONABLY PRACTICABLE, THE HEALTH, SAFETY AND WELFARE OF THEIR EMPLOYEES AT WORK". THESE REGULATIONS GIVE REGARD TO, ALONG WITH MANY OTHER AREAS, THE CLEANLINESS AND HYGIENE OR THE WORKPLACE, RESTROOMS AND WORK EQUIPMENT.

FOOD SAFETY

General Food Law according to the European committee states that:

Food and feed business operators at all stages of production, processing and distribution within the businesses under their control shall ensure that foods or feeds satisfy the requirements of food law which are relevant to their activities and shall verify that such requirements are met.

In order to meet these requirements, operators must employ hygienic practices from the very beginning of the process by ensuring that they are properly using and cleaning suitable equipment and the facility. According to the European Commission, food contact approved materials should be sufficiently inert so that their elements neither adversely affect consumer health nor influence the quality of the food. All products in our Hygiene range are EU food contact approved, therefore are suitable for use in the food and beverage industries.

WASHROOM SUPPLIES: PAPER TOWELS & SOAP

Efficient washroom systems offer tangible benefits for both your employees and your business. Hygiene paper and soap are secured inside the dispenser to make them easy to access and kept free from contamination. Washroom users appreciate the attention to hygiene standards and your business benefits from reduced maintenance time and a reduction in waste, both of which can save you money.

SHADOW BOARDS

A shadow board is a bespoke organisation tool that enables companies and businesses to segregate the workplace cleaning equipment, to monitor the quality and whereabouts of each product, and more importantly in food service/processing situations, to avoid any cross contamination. Each board has a selection of product 'shadows' (single colour product image representations) printed onto it, with hooks or holders to secure the product in place (not included). Each board can have a variety of products on, and is colour coded to help with segregation and monitoring.

MATERIAL OPTIONS

FOAMEX

- 5mm Wall mounted boards are lower in strength but lightweight and very easy to clean.
- Foamex is not recommended for sensitive food handling areas but are perfect for warehouses and similar areas.
- Portable versions not available for foamex boards.

DIBOND

- A standard wall mounted DiBond board is 3mm.
- Dibond is an aluminium panel coated with a high quality laminate.
- These boards are compact, hygienic, easy to clean, totally bespoke and are available as portable boards if required
- The wipe clean surface provides great protection from bacteria once cleaned, therefore minimising the risk of cross contamination.

ANTI-MICROBIAL PVC

- For the ultimate protection against contamination, the most advanced method of organisation and the most efficient way of keeping your workplace clean and tidy, Hillbrush Bespoke offers a fully anti-microbial shadow board in 3mm and 6mm PVC (poly-vinyl chloride).
- These boards are manufactured from co-extruded PVC that has been infused with Biomaster Anti-Bacterial, Silver-Ion Technology.
- These boards offer a multitude of features including water and chemical resistance, fire proof and anti-static properties and is even recyclable at the end of its life.

FIXTURES AND FITTING

STAINLESS STEEL
HOOK

STAINLESS STEEL
SMART HOOK

CHROME WALL
STAND-OFFS

PLASTIC
HOOK

PLASTIC
HOLDER

Hooks and holders are not automatically included with any shadow board and will need to be purchased separately. Hillbrush do not supply shadow boards with the fixings required for attaching to the wall (i.e. screws or brackets). Each site has its own protocols and requirements for fixing shadow boards to walls and in working areas. We recommend that shadow boards are installed by your in-house maintenance department.

SIZES

Hillbrush offers a selection of set sizes for each shadow board:

- 400mm x 600mm
- 600mm x 600mm
- 600mm x 1800mm
- 1200mm x 1000mm
- 1200mm x 1800mm
- 1200mm x 1800mm (mobile unit; single or double sided)
- 600mm x 1800mm (mobile unit; single or double sided)

Please enquire for any sizes differing from this list.

COLOURS

Hillbrush offer all shadow boards in 12 colours. The boards can have a coloured background with a white or black shadow, or a white background with a coloured shadow.
