## ABX10 Absorbent

### Conformity:

Product conforms to BS 476 Part 7 Class 2 for fire retardancy.

### Materials:

Soft Wood Granules  
Sodium Bicarbonate

### Size & Weights:

30 Litre Bag (approximately 6Kg)

### Instructions For Use:

Before entering hazard are, be sure to wear the appropriate personal protective equipment required for the substance spilled.

Place absorbent round the edge of spill to prevent spreading.

Apply product until liquid is absorbed.

ABX10 is a fire retardant, highly absorbent wood fibre which absorbs oil, grease and other liquid spillages.

The sorbent capacity is 15L/Bag.

### Disposal:

Dispose of contaminated product in accordance with local regulations for the liquid involved.

### Handling & Storage:

No special handling is required.

It is recommended that this product is kept dry at an ambient temperature in storage.

### Limitations Of Use:

**Important Note:** This product is not suitable for use on strong organic peroxides or concentrated acids at 60°C or above. If in doubt, advice should be sought, before use, on suitability.
